

Coffee and More
in an

ATTIMO!

A cost effective instant machine
producing up to 200 coffees an hour

from

fracino

Choose Attimo for speed, efficiency and all-round value. This high volume, stainless steel machine is ideal for wide-ranging venues including fast food outlets, self service operations, bars and offices.

Producing an 8 oz white coffee in just six seconds, Attimo enhances today's fast moving life style for business and pleasure.

Attimo components meet the same exacting standards as those in Fracino's award-winning commercial cappuccino and espresso machines. Fracino's reputation and experience in this specialist area is second to none. A powerful combination of world-class skills, innovative design and state-of-the-art production methods has delighted customers for over four decades.

- Compact design, manufactured entirely in stainless steel
- 3 cannisters for soluble ingredients
- User friendly one touch operation via stylish silver touch pads
