

Glasswashers & Dishwashers

HYGEA Range

Ensuring that all glassware, crockery and cutlery are quickly and effectively cleaned.

Glasswashers & Dishwashers

Fracino are the UK's official distributor of the Hoonved range of glass and dishwashers. Hoonved have been manufacturing commercial glass and dishwashers for over 40 years and they are designed for an optimum price/quality ratio.

They will cope with the heavy demands of busy bar and catering operations ensuring that all glassware, crockery and cutlery are quickly and effectively cleaned to the very highest standard. The machines are exceptionally robust and reliable with satin finish stainless steel housing and a dry seal door to prevent condensation.

The door also features a safety micro switch which stops the wash cycle should it be opened during use. The wash tank has smooth contours to facilitate self cleaning. The tank filter, rotating wash and rinse arms are readily accessible and can be easily removed for daily cleaning.

The machines have reliable washing and heating systems with pre-set cycle times and automatic initial tank fill. Standard features comprise built-in rinse aid pumps and automatic final hot rinse. Drain pumps and detergent pumps are fitted to most models as standard.

See model specification table for details.

Technical Specifications	HYGEA Range		
Model	HY 400	HY 501	HY 503
Glasses/Plates Racks Per Hour	30-40	20-40	20-40
